

NORTEC GS NX

It's the Right Thing to Do

California Low NOx Emissions
Gas Fired Humidifier

It's The Right Thing To Do

The Nortec GS Series of gas-fired humidifiers provides an industry-first fully condensing high-efficiency model. Nortec has built on this high-efficiency foundation to also introduce a low-emissions GS model (NX) which is tailored to adhere to California state emissions requirements.

Nortec GS 50/100-NX

We know that productivity and quality of life are directly affected by the indoor environment. The GS NX humidifier will ensure correct humidification for health indoors, while also ensuring the preservation of our world outdoors.

The Nortec GS Series NX model meets California Emissions standards outlined by the South Coast Air Quality Management District (SCAQMD) and is certified Low-Emissions by the SCAQMD.

Leading humidification innovation... once again!

Technical Data

GS NX		Low-Emissions Humidifier
Capacities (lbs/hr)		50, 100, 150, 200, 300, 450, 600
Efficiency		> 89%
Exhaust Temperature		140°F / 60°C
Venting		CPVC, BH
Emissions	CO2	8.5%
	CO	10 ppm
	NOx	15 ppm

Patent Pending

Condair is the world's leading manufacturer of commercial and industrial humidification and evaporative cooling products and systems, setting standards with regard to energy efficiency and hygienic solutions.
