

# Condair HumiLife

## Why have a Condair Display?

There is now overwhelming scientific evidence that maintaining humidity has significant health benefits in addition to preserving valuable assets such as wood flooring, cabinetry, and other materials in the home. A Condair HumiLife steam solution display is a great tool to help drive demand in this emerging field providing your customer with a whole house solution and creating a profit center for your business. The Condair RH humidifier allows your customer to better maintain relative humidity between 40-60% in their home all from the convenience of a smart phone using the Condair proprietary downloadable App

## Easy Assembly, Direct Manufacturing Support.

The display stand is easily assembled, with both the unit and stand coming direct from the manufacturer. Product ships free from the manufacturer and arrives quickly and you don't pay freight, enhancing your margin.

Floor	Countertop
Height: 78"	Height: 42.5"
