

# Residential Electrode Steam Humidifier

Condair WH Series In-Space  
and Ducted Bundles

Humidification, Dehumidification and Evaporative Cooling

## The Condair WH Series Electrode Steam Humidifier - Your Key to Optimal Indoor Comfort

Maintaining a healthy indoor relative humidity level between 40-60% RH in your home is a necessity for safeguarding your family and preserving the integrity of your living space.

In a world where we spend 90% of our time indoors, the WH Series Electrode Steam Humidifier takes center stage in creating an environment that prioritizes your well-being. Our innovative system ensures that the air you breathe is properly humidified, offering a multitude of benefits that extend beyond personal health to include the well-being of your cherished pets and valuable possessions.

### Healthier Living Spaces

Humidification makes airborne virus droplets heavier causing them to fall out of circulation, reducing respiratory infections. Optimal humidity levels also deactivate viruses through physiochemical reactions, supporting a healthier indoor environment. Lastly, 40-60% RH enables your immune system to function optimally, actively capturing, removing and fighting germs in the body.

### Enhanced Home Comfort

The combination of 40-60% indoor relative humidity and a room temperature of approximately 20-22 °C (68°F-71.6°F) creates the ideal environment for your body, promoting restful sleep, improved concentration for work and learning, and fostering healthy skin. Experience the comfort of hydrated skin and eyes, and say goodbye to painful electrostatic discharge on clothing and pets.

As well, proper humidification is proven to reduce dust levels throughout your home, and preserve the beauty of your wood floors and finishings, and protect your valuable belongings.

## The Condair WH Series guarantees:

- Improved indoor air quality
- Pure, clean, sterile steam humidification
- Quick and easy maintenance
- Automatic operation and adjustable setpoint
- Consistent indoor humidity control all year round
- Extended cylinder life due to algorithm based electrode steam technology

## Bundle Options

Product	Output	Included in Box
Condair WH-D Ducted Bundle PN: 2606628	5 lbs/hr for 110-120V 8.7 lbs/hr for 208V 10 lbs/hr for 220-240V	QTY 1 - Humidifier QTY 1 - Quick start guide QTY 1 - Steam distributor & gasket QTY 1 - Steam hose (5 ft.) QTY 1 - High limit control sensor QTY 1 - Duct sensor QTY 1 - Water supply hose (20 ft.) QTY 1 - Drain hose (10 ft.) QTY 1 - Hardware/fittings
Condair WH-S Space Bundle PN: 2606629	4 lbs/hr for 110-120V 6.9 lbs/hr for 208V 8 lbs/hr for 220-240V	QTY 1 - Humidifier QTY 1 - Quick start guide QTY 1 - Water supply hose (20 ft.) QTY 1 - Drain hose (10 ft.) QTY 1 - Space humidity sensor QTY 1 - Hardware/fittings

## About Condair

Condair Group, founded in 1948 and based in Switzerland, is the global leader in humidification, dehumidification and evaporative cooling. Supported by science, we engineer individual, holistic solutions that customers can trust through the entire lifecycle. With optimal humidity, we increase productivity and create healthier built environments.

Condair Group has production sites in Europe, North America and China, its own sales and service organizations in 22 countries, and representatives in 50 locations worldwide. You can rely on our comprehensive portfolio of innovative technologies for air humidification, dehumidification and evaporative cooling for the entire lifecycle of each product.
